INTRODUCTION

A Message from the Charity Week Team

السَّلَامُ عَلَيْكُمْ وَرَحْمَةُ اللَّهِ وَبَرَكَاتُهُ

When this project first began in 2003, it consisted of one student with one bucket standing in one prayer room. Today, by the grace of Allah and the concerted effort of Muslim students across the UK there are hundreds of institutions taking part, thousands of volunteers and hundreds of thousands being raised for orphans and needy children across the world.

This would not have been possible without the combined efforts of the Charity Week team, FOSIS, MSN (formerly ULU ISoc) and Islamic Relief. It would not have been imaginable without the dedication, inspiration and perspiration of the Muslim youth and Islamic Societies across the country who make it happen year after year. But the key factor in making Charity Week a success is the barakah that comes from being united upon Islam.

Charity Week is about building bridges of trust between Muslims and non-Muslims through emphasising our shared humanity. It is about breaking down barriers between Muslims of all backgrounds and emphasising that when we are united we are able to achieve what seems impossible. It is about showing our less fortunate brothers and sisters across the world that they are our brethren in more than just name.

At a time when Islam and Muslim students in particular are portrayed in a highly negative manner, we hope that the Charity Week 2010 Annual Report will show that we can be a force for good. **One week. One cause. One Ummah. All the difference.**

Where the Money Goes...

So where did all the money you raised get spent? Alhumdulillah, after consultation and discussion the following projects were chosen. In the future, inshaAllah we hope to make the process more interactive and get a wider variety of projects. Updates on all of these projects will be made available on the website as they come in.

Refurbishment of 13 Schools in Pakistan £268,687

Following the floods of 2010, many schools were destroyed. Charity Week will fund the reconstruction and refurbishment of 13 (yes THIRTEEN!) schools in the Muzaffarbagh area. This includes providing running water and wash facilities for each school, building a playground for each and buying school bags, stationery and desks for 4561 students. We may not be able to change their past, but by providing them with a chance of a good education, they may have a better future inshaAllah.

Medical Care & Surgery for Orphans in Pakistan £55,223

Orphan and needy children in Rawalpindi struggle to get access to any health care. Our funding will help them get medical attention via a mobile clinic, pay for their prescriptions, provide health screening and pay for any surgery required for hundreds of orphans & disabled children.

Buying material to Construct Orphan Homes in Chechnya £27,118

Many children were orphaned during the wars in Chechnya. To add to their misery, their houses were so destroyed that they were made homeless or (if lucky) lived in rehabilitation centres. The money we raised will go towards building up to 50 homes for orphans and will mean that at least 150 orphans & disabled children will be able to live in a place to call their own.

Top up for our Vocational Training Project in Indonesia £911

Charity Week 2010 invested over £5000 in providing Vocational Training in many disciplines to Indonesian Orphans from Banda Aceh. The Vocational Training programmes for mobile phones servicing has been upgraded to Graphic Design training as it is felt that this will provide more realistic job opportunities. The £911 will pay for the upgrade of the training and resources to assist in this.

2 Year Renewal of the 76 orphans in Pakistan £47,856 (+ £210 per month in standing orders)

We originally sponsored 100 orphans of the South East Asia Earthquake in 2005. 24 are now able to support themselves, thanks to your efforts. Read a case report of one of the remaining 76 that we continue to fund on the next page.

IR Orphans General Fund £64.88

Any money left-over has been allocated to the general Orphans fund.

FUN FACT!

London School of Pharmacy (the CW 2010 Champions) are actually one of the smallest ISocs participating in Charity Week. It's official, size does NOT matter!

Case Study: *Muhammad Nazir*

Muhammad Nazir was only 4 years old when his father and mother passed away in the South East Asia Earthquake of 2005.

He was taken in by his elderly grandparents who could barely look after themselves.

Thanks to your support for the last 6 years, he has been able to continue getting an education and is pursuing his dream to become a teacher. The sponsorship also helps his grandparents provide him with food and avoid diseases due to poor hygiene.

His grandfather says, Muhammad “prays 5 times a day and never forgets the donors and their families in his prayers. They have made his life easier to bear.”

Charity Week has been an inspiration to Muslim students across the world. Currently there are teams in Paris, Penang (Malaysia) and Singapore who are hoping to organise a Charity Week in their cities or countries.

There are many more places that have shown an interest in Charity Week. We need more volunteers to help our brothers and sisters set up Charity Week so that the

many benefits of this project - especially the message of Unity - can spread across the world! Are you in?

Following Charity Week

Charity Week has inspired hundreds of students to share their weird and wacky ideas with the world, taking pictures and making videos of their fundraising activities.

FUN FACT!

Although many of the volunteers at Sunderland ISoc were taking part for the first time, they managed to raise over £1500 through activities like Cake sales. Tasty!

Our Website

2010 saw the launch of our very own website alhumdulillah. Go to www.onecharityweek.com to check it out. In time we hope volunteers will come on board who will help redevelop it to be even more user-friendly and a hub for all resources related to Charity Week.

The website has the Charity Week forum - www.onecharityweek.com/forum - where volunteers from each region can discuss with each other and their regional teams about everything and anything.

Got a question? Need to share a story? Just had an awesome idea? Share it all on the forum and multiply the reward!

Participating in Charity Week

Important notes:

- Charity Week for Orphans & Needy children does not support discrimination of any kind.
- The project itself does not handle any of the funds being raised and instead all monies are banked directly with the host charity.
- The project itself does not handle any of the allocated budget and instead invoices are paid directly by the host charity.
- Charity Week provides guidelines for the behaviour of all volunteers, but cannot accept responsibility for the actions of any participants.

Joining the Organising Teams

Anyone can get involved at any level in Charity Week - whether you want to organise a cake sale or become National Director - the only qualifications needed are sincerity for the cause of unity and the desire to work hard for it.

Local and Regional Teams

Join your Charity Week on campus: the more people there are on campus organising Charity Week, the more events that can be put together and the more people can be involved.

Each region has a small team that coordinate and facilitate the activities of the various campus Charity Week teams. Speak to the previous Regional Rep if you are interested in helping out on a regional level.

National Co-ordination

The National Charity Week team is another place to make an impact. Whether it's helping create the YouTube promo or putting together the perfect Charity Week training manual - there's always room for more on the National team.

Charity Week International

The potential for Charity Week is huge and there are others from countries as diverse as South Africa, America and Australia who are interested. If you want to concentrate on helping them set up Charity Week in their countries then get in touch.

If you want to get involved in organising and co-ordinating Charity Week, or if you have any other questions or queries, email info@onecharityweek.com

FUN FACT!

Before the results were announced, the UCL ISoc Ameer said he hoped UCL wouldn't win a 3rd time in a row so that others could be more encouraged. Now that's what you call competing for the sake of Allah!
